

Bruce A. Hallberg

Started life on January 19th, 1947 at Ladd Army Air Force Field, Fairbanks Alaska

I was raised in Palo Alto California and Taft California.

After my education, I served for 30 years as a fire captain and paramedic for the Palo Alto Fire department.

I am the proud Brother to Roger Cobb Hallberg, US Army Special Forces

Who is still missing in combat in Vietnam on March 24th 1967.

I have been an active league member since 1992 and served the league as California Coordinator for the last 12 years, including numerous speaking engagements to keep America informed of our nations highest commitment, to bring our nations hero's home to their native soil.

To that end I will work hard, for my brothers sake and the other family members who are still awaiting answers.
